

AMENDMENTS TO SPECIFICATION

Please delete the paragraph at page 2, lines 17-22.

Please replace the paragraph at page 4, lines 14-17, with the following amended paragraph:

The rib 114 is preferably also molded of plastic, nylon or a similar material, ~~though~~ though, the rib 114 can be formed of any other suitable material. The rib 114 is also preferably molded as a separate piece from the frame 102. For example, they may be molded at different times and using different mold fixtures.
